

Nonconsensual Pornography (NCP)

Do it Now

- **Secure your physical safety**
 - Consider: Call 911, move location if feel unsafe, tell a friend
 - **Stop, breathe, and contact** a helpline or trusted ally about what is happening
 - **Complete a threat assessment** to understand your risk level
 - **Save properly** before deleting posts and communication
-

Next

- Find all unwanted posts** using reverse Google image search
 - Submit litigation hold request** if considering legal action
 - Create and fill out incident log**
 - Create binder with printed screenshots and incident log**
 - Determine if you have copyright of images and/or content**
 - If no, obtain copyright
 - Submit DMCA takedown form** to remove content once you have copyright
 - Ensure your personal information isn't published on the request
 - Save copy of takedown form
 - Refer to our action guide if sites refuse
 - Identify who else** the published images/content have impacted or may impact
 - Decide how or if to communicate with these parties
-

Also

- Seek legal, law enforcement, mental health/emotional support**
 - Monitor content posted online**
 - Set up search alerts for additional content or have a trusted source do this
 - Search or have a trusted source search for additional images
 - Manage communication with perpetrator and/or about your case**
 - Enlist friends or trusted allies to help you
 - Use a filtering tool like Squadbox or filter via your email provider
 - Check out Badass Army's support network
 - Block perpetrator on social media and on your phone
-

Consider

- **If the perpetrator threatens you**, file for an Emergency Protective Order
- **If you want to take additional action to stop a known perpetrator:**
 - File a restraining order and/or police report
 - Save copies of any report or case documentation
